

Here I Am

Eric Genuis

Now be still when youâ€™re backâ€™s against the wall,

Victory it seems no hope at all

Iâ€™ll be your wings that soar so high, this side of paradise

Now be still until youâ€™re strong;

Here I am Iâ€™m your fire when itâ€™s cold;

Here I am Iâ€™m your guide when you lost your road;

Iâ€™m your robber in the fields of woe when the enemy storms the door;

Here I am forevermore.

Take my hand when shadows hide your way,

Take my hand thereâ€™ll come a brighter day,

for the love of you and me

is surely something sweet

take my hand close by youâ€™ll stay;

Here I am, Iâ€™m your fire when itâ€™s cold;

Here I am Iâ€™m your guide when you lost your road

Iâ€™m your bridge above the stormy sea when unchanged finally meets

Here I am forevermore

Here I am Iâ€™m your fire when itsâ€™ cold

Here I am Iâ€™m guide when you lost your road

Iâ€™m youâ€™re your shield when arrows fly

Iâ€™ll never leave your side

Here I am forevermore

Here I am forevermore.
