

# Love Me Or Leave Me

Rooney

I know I can be cruel  
I say a lot of things  
I don't mean And I'm not always in the mood  
To give you what you need  
But I come close  
You gotta[Chorus]  
Love me love me love me or leave me (x4) I know I act confused  
I'm perfect just like you  
Do what you want  
But there's no one in this world  
Who would die for you  
There's only me  
You gotta[Chorus]  
Love me love me love me or leave me (x4) You won't ever find  
Anyone around as good as me  
There's only one choice  
You don't wanna grow old all alone You gotta Love me love me love me or leave me (x12)
