Ei! Swagger like me  
We bout to blow your mind  
Ei! Turn it up now

Today as well, I stare at you,  
Please donâ€™t shine into my eyes like this anymore  
U Got Me U Got Me Good  
U Got Me U Got Me Good  
As you tell me everything too  
Your eyes are also speaking to me  
I Got U I Got U Girl  
I Got U I Got U Girl

When you look at me so sweetlyâ€!  
If only everything could stop in this moment  
U Got Me, everything about me  
U Got Me, I give everything to you  
U Got Me, Youâ€™re so special  
So just stop, letâ€™s just stay like we are right now

U Got Me, the things I like about you  
U Got Me, and everything else about you too  
U Got Me, Iâ€™ve come to like it all  
U Got Me U Got Me Good  
I Got U, I know, Girl  
I Got U, youâ€™re missing something..  
I Got U believe in me, Girl  
I Got U I Got U Girl

You get me nervous when you come, or speak to me Baby  
Itâ€™s already too late to turn my heart from you Baby  
When itâ€™s you everything Is Okay  
So donâ€™t hesitate anymore  
Please donâ€™t judge me

Just trust me now Iâ€™ll Show you how  
We get along better than anyone  
Listen to me Baby, Youâ€™re making me crazy  
Iâ€™ll keep you right by my side, I need you here with me

Youâ€™re so beautiful when you come to me  
If only everything could stop in this momentâ€  
U Got Me, everything about me  
U Got Me, I give everything to you  
U Got Me, Youâ€™re so special  
So just stop, letâ€™s just stay like we are right now

I Got U believe in me, Girl  
I Got U I Got U Girl

At first sight, at the very moment  
I knew it with just one glance  
Baby U got me falling  
And now, Iâ€™ll protect you, come a little closer,  
Baby U know I Got It

So lady tell me what you want  
Iâ€™ll try to get you what you want  
Or maybe tell me what you like  
Iâ€™ll try to get you what you like  
Cause you got me feeling so high
