Going Under

Devo

Left home with a friend of mine
Gone two years and I don't know why
Now I'm happy all the time
I can't think and I'm feelin' fine
Girl put me in a situation
Going through soft core mutationThink you heard this all before
Now you're gonna hear some more
I know a place where dreams get crushed
Hopes are smashed but that ain't much
Voluntary experimentation
Going through soft core mutationI'm going under, I'm going under
I'm going under, I'm going under
I'm going under, going under
Going under, going underDown under where the lights are low
To a place where all the mutants go
Doing things I never did before
Inside out and coming back for moreLittle girls with the four red lips
Never knew it could be like this
You put me in a situation
Goin' through soft core mutationDown under where the lights are low
To a place where all the mutants go
Doing things I never did before
Inside out and coming back for moreLittle girls with the four red lips
Never knew it could be like this
You put me in a situation
Goin' through soft core mutation(I'm going under)
Down under where the lights are low
(I'm going under)
To a place where all the mutants go
(I'm going under)
Doing things I never did before
(I'm going under)
Inside out and coming back for more
(I'm going under)Little girls with the four red lips
(I'm going under)
Never knew it could be like this
(I'm going under)
You put me in a situation
(I'm going under)

Goin' through soft core mutation
(I'm going under)I'm going under, I'm going under
I'm going under, I'm going under
I'm going under, I'm going under
I'm going under
