

Dance Godammit

Sparks

It's the sound of today
Played so loud, you're in pain
I feel good, really great
As I talk to my feet Dance godammit
Dance godammit I get scared when I'm alone
So I don't stay alone
I like clubs, I like girls
I like music and that's it Dance godammit
Dance godammit Dance godammit
Dance godammit I do leaps, I do splits
I do spins, I do dips
Wanna dance? Wanna dance?
Wanna dance? Do you wanna dance? I get scared when I'm alone
Ah, don't leave me all alone
Wanna dance? Wanna dance?
Wanna Dance? Do you wanna dance? Dance godammit
Dance godammit Dance godammit
Dance godammit
