Stunde Null

British Sea Power

Stunde null, oh, stunde null
Oh, stunde null, oh, stunde nullYou've been on standby for half a century
It's such a long time to be always meant to be
Oh, clear the floor, let's get to the fore
It's stunde null hour zero, it's time for more
More, more, let's go, ahWas it so long ago?
Oh, stunde null, hour zero
Was it so long ago?
Stunde null, stunde null, hour zeroStunde null, oh, stunde null
Oh, stunde null, oh, stunde nullWhen night invades day put your childish things away
I'll take the two by four and set about your adult thoughts
Clear the living room floor, let's get to the fore
It's stunde null, hour zero, it's time for more
More, more, let's go, ahWas it so long ago?
Oh, stunde null ,hour zero
Was it so long ago?
Stunde null, stunde null, hour zeroOh, stunde null, oh, stunde null
Oh, stunde null, oh, stunde null
Stunde null, stunde null
Stunde null, stunde null
Stunde nullBut when you think you've seen it all
When you think you've seen it all, stunde nullYou've seen it all, oh, stunde null
You've seen it all, oh, stunde null
You've seen it all, oh, stunde null
And you think you've seen it all, oh, stunde null
And you think you've seen it all, oh, stunde nullStunde null
