Clouds

Is Tropical

Kids, please beware
Evil lurks in the air
In darkened corners and friendly faces
It's okay to be amused a while
They sometimes lose to the castle mavericks and silver tablets
Kids, please beware
Evil lurks in the air
In darkened corners and friendly faces
It's okay to be amused a while
They sometimes lose to cha-cha mavericks and crocodile fits
Born into the nigh
We lad, will never be going back home
