Stranger Things (feat. OneRepublic)

Kygo

Stranger things
We're like, we're like a stranger things (very far)
We're stranger things (dream of places at)
Cause that's just who we areWe used to run around this ghost town
Always thinking out loud
Are we gonna get out
I remember
We dream of places that we could go
Castles with the strange glow
People that we don't know
I remember
We left the light
That's ordinary from the start
We look for stranger things
'Cause that's just who we are
Found me the edges something beautiful than love
Like I'm picturing nowCastles glitter under Spanish skies
But I'm just looking after you tonight
Snow and mountain to the foreign state
Tell me someday we'll get there
Someday
Someday
Oh, oh
Oh, oh
I see a Technicolor shadow
Underneath your window
Just in case you don't know
I can see it
You cast among an unfamiliar day glow
Different than what I know
Shining like a halo
I can feel itWe turned our back
That's ordinary from the start
We look for stranger things
'Cause that's just who we are
Found me the edges something beautiful than love
Show me the sky falling downCastles glitter under Spanish skies
But I'm just looking after you tonight
Snow and mountain to the ancient place

Tell me someday we'll get together
Someday
Someday
Oh, oh
Oh, ohA stranger things
We're like, we're like a stranger things (very far)
We're stranger things (dream of places at)
Cause that's just who we are
A stranger things (very far)
We're like, we're like a stranger things (very far)
We're stranger things (dream of places at)
Cause that's just who we are
A stranger things
We're like, we're like a stranger things (very far)
We're stranger things (dream of places at)
Cause that's just who we are
A stranger things
We're like, we're like a stranger things (very far)
We're stranger things (dream of places at)
Cause that's just who we areA stranger things
We're like, we're like a stranger things (very far)
