Admission to Your Party

Smallpools

Go get some complimentary bourbon chai
Go meet your brand new friends on the water slide
I's cool no matter what the police may find
But you realize there's no coming back
If you don't get what you want
Oh, and it feels like, just a song and dance
Revered by everyoneI want admission to your party, it's the best in town
Admission to your party, don't you let me down
I want admission to your party
Admission to your party, yeahBe cool when everyone looks you up and down
Give some filet mignon to a Persian hound
Pack all your your morals up with your finest gown
Cause your real life is never coming back
If you don't get what you want
When it feels like, it's no promise land
But it's still one pretty lawnI want admission to your party, it's the best in town
Admission to your party, don't you let me down
I want admission to your party
Admission to your party, yeahEvery night you compel me just to come along
Every night we complain it's not some other one
Every night you compel me just to come along
Every night we complain it's not some other oneSo you decide you wanna fool the world
You get a Bengal Tiger and a string of pearls
But when the secret's out they're gonna spread the word
And then nobody's ever gonna sayI want admission to your party, it's the best in town
Admission to your party, don't you let me down
I want admission to your party
Admission to your party, yeahI hear it's the best in around
I want a ticket to the soiree
Admission to your party, yeah
