

Brazen (Weep) (Perfecto Mix)

Skunk Anansie

I called you brazen
Called you whore right to your face
And watched you silently
And publicly disgraced
I didn't notice
When you strengthened like a vice
That you were trembling
And burned beneath the ice[Chorus: x2]
Why don't you weep
When I hurt you?
Why don't you weep
When I cut you?
You don't bleed
And the anger builds up inside You said a prayer
And I betrayed you with a kiss
I never realized that all
Had come to this
So keep your dignity
Don't throw it all to waste
Stronger feelings
Than you've ever learned to face[Repeat Chorus]
