

Angel Fire

Dolores O'riordan

Another lonely night in December
Jaweh, Jaweh, Jaweh
It is the time of year, people remember
Jaweh, Jaweh
I can't find a word to say to you
I can't comprehend, I can't relate to you
Plain to see, no flies on me
Take me higher, angel fire
Take me where I want to go
Teach me things I need to know
Plain to see, no flies on me
Take me higher, angel fire
Take me where I want to go
Teach me things I need to know
I'm knowing this could be our last event
Jaweh, Jaweh, Jaweh
I'm knowing I am your youngest descent
I don't want to know your pain
I don't want to play the game
Plain to see, no flies on me
Take me higher, angel fire
Take me where I want to go
Teach me things I need to know
Plain to see, no flies on me
Take me higher, angel fire
Take me where I want to go
Teach me things I need to know
I can't find a word to say to you
I can't comprehend, I can't relate to you
Plain to see you're made for me
Take me higher, angel fire
Take me where I want to go
Teach me things I need to know
Can't you see you're made for me?
Take me higher, angel fire
Take me where I want to go
Teach me things I need to know
Who knows? Who knows? Who knows?
Who knows? Who knows? Who knows?
