

Hold On (Radio Mix)

Dave Gahan

You keep sending me all these things
I'm learning how to smile
You keep sending me all these things
I think I'll stay a while
Tried to talk to you in my dream
You looked at me and smiled
Your smile said to me
I'll have to wait a while
I have to wait a while
Hold on You opened my eyes today
Hold on Another surprise
You keep giving me all these things
I see them in your smile
You keep giving me all these things
I think I'll stay a while
