How We Break It

Jesse Macht

Love that once was
Eating at us
Whatâ€™s enough
Whatâ€™s the final blow

Playing this game
We both lose all the same
You wind me up
Just to watch me go
You light it up
Just to watch it explode

Screaming in a parking lot
Everybody loves to watch
How the hell did we end up here
Cause I donâ€™t wanna be the reason why
And you donâ€™t wanna be the one to cry
Neither one of us can live this lie
Well itâ€™s easy when it makes sense
And I guess this is how we break it
Oh I guess this is how we break it
Oh I guess this is how we break it

For once in your life
You donâ€™t have to be right
Give it up
Cause everybody knows
You light it up
Just to watch it explode

Screaming in a parking lot
Everybody loves to watch
How the hell did we end up here
Cause I donâ€™t wanna be the reason why
You donâ€™t wanna be the one to cry
Neither one of us can live this lie
Well itâ€™s easy when it makes sense
But I guess this is how we break it
Oh I guess this is how we break it

Oh I guess this is how we break it

Oh I guess we could have
Saved it all
But you insist on

Screaming in a parking lot
Everybody loves to watch
How the hell did we end up here
I donâ€™t wanna be the reason why
You donâ€™t wanna be the one to cry
Neither one of us can live this lie
Well itâ€™s easy when it makes sense
But I guess this is how we break it
Oh I guess this is how we break it
Oh I guess this is how we break it

Oh I guess
Oh I guess
Oh I guess this is how we break it
This is how we break it
