Let Beauty Loose

Nitzer Ebb

What is better than giving ourselves
You and me
You and flesh
Touching for sweet loveLoving for wet flesh
Forever, and ever, and ever, and everTake nothing
Forever, and ever, and everLet beauty loose
Let beauty looseBrothers, sisters
Brothers, sistersDon't force the dance
Don't force the danceWe'll dance 'till we fall
We'll dance 'till we fallGlisten, glisten, glisten little children
Glisten, glisten, glisten little children
Glisten, glisten, glisten little childrenDon't listen when they tell you
There's no despair
There's no despair
There's no despairGlisten, glisten, glisten little childrenThere's no despair
There's no despair
There's no despair
