Girl relax, I got your back
I've never seen you put it in the air like that
 Nibble a little bit on your thigh
I'm cutty with it girl, you remind me of my JeepAll night, let the neighbors hear you beep
 Girl, when it's just you and me
 I'ma put that ass to sleep
Scratch my back, bite your neckWelcome to the world of havin' sex
 Pick you up, pin you down
 Then we gon' go another round baby, oh
And we can do this all night, take flight on cloud nineTake you there, let me be your stairs
 Just put your legs, in the air
 I want you to sit right there
 I'ma be your chair
And I'ma rock your body slowly and do it like I owe you a favor
 Like I owe ya a favor, like I owe ya a favor
 Like I owe ya favor and I'ma rock your body slowly
And do it like I owe you aIt's amazin', how faded I done got tonight baby
 I'm crazy love makin', all them new spots that I found
 Bang in the bed bump bump bump
Don't hurt your head Bump bump bump bump bumpCan I just kiss it, right after I wear it out
 I want you to
 Scratch my back, bite your neck
Welcome to the world of havin' sexPick you up, pin you down
 Then we gon' go another round baby, oh
 And we can do this all night
 Take flight on cloud nine
Take you there, oh let me be your stairs
 Let me be your stairs
 Just put your legs, in the air
I want you to sit right there, I'ma be your chairAnd I'ma rock your body slowly and do it like I owe you a favor
 Like I owe ya a favor, like I owe ya a favor
 Like I owe ya favor and I'ma rock your body slowly
 And do it like I owe you aI want you to beg for it
 You feignin' 'cause you miss me, yeah
 Open up your legs more then
 let me in, I want inWrap your arms, just love me
 Wrap your arms, just love me
 Right there
Like that, like that, whoaTake you there, oh let me be your stairs

Let me be your stairs

Just put your legs, in the air

I want you to sit right there, I'ma be your chair And I'ma rock your body slowly and do it like I owe you a favor

Like I owe ya a favor, like I owe ya a favor

Like I owe ya favor and I'ma rock your body slowly

And do it like I owe you a
