See The Light

Minty Style

Let's go
Never thought this time would come, this time I can't believe it
And now I don't know what to do
Never thought I'd face the truth, it's hard not to repeat it
I'll never fall in love again
Then she came to me and I got to see the light
And I'm wondering what she's doing here
Is it only sympathy or is it all just in my mind, in my mind?
Yeah, I'm wondering what she's doing here in my room tonight
Everyday seems like a weight's been lifted off my shoulders
There's only one thing left to do
Well, I can't play this game no more 'cause I'm just getting older
And now I think the jokes on you

Then she came to me and I got to see the light
And I'm wondering what she's doing here
Is it only sympathy or is it all just in my mind, in my mind?
Yeah, I'm wondering what she's doing here in my room tonight
You're always telling me, you're always telling me
You're always telling me that you wanna be free
You will never see the light
See the light
Then she came to me and I got to see the light
And I'm wondering what she's doing here
Is it only sympathy or is it all just in my mind, in my mind?
Yeah, I'm wondering what she's doing here
