Weak

Weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
Are we here to stay
Sometimes I feel so far away
I just want things to be ok
I lost my head today
I just want things to be ok
I lost my head today
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
You make me weak inside
You make me weak
The days get short and the nights get longer
When the storm comes maybe I'll get stronger
The days get short and the nights get longer
When the storm comes maybe I'll get stronger
You make me weak inside
You make me weak
You make me weak inside
You make me weak

You make me weak inside
You make me weak
You make me weak inside
You make me weak
The days get short and the nights get longer
When the storm comes maybe I'll get stronger
The days get short and the nights get longer
When the storm comes maybe I'll get stronger
I won't get left behind
I won't get left behind
I won't get left behind
I won't get left behind
