

# The Sparrows and the Nightingales (Extended)

## Wolfsheim

How long have you been free  
In this world of hate and greed?  
Is it black? Or is it white?  
Let's find another compromise And our future's standing still  
We're dancing in the spotlight  
Where is the leader who leads me?  
I'm still waiting Leaving home and God is on your side  
Dividing sparrows from the nightingales  
Watching all the time  
Dividing water from the burning fire inside And god is on your side  
Dividing cruelty from tenderness  
Watching all the time  
Dividing fiction from reality Move in circles walk on lines  
No human being in sight  
Calm the winds  
And calm the seas Lets try another kind of peace  
Who fights this Holy civil war?  
A million men in uniform Wo ist der Führer der mich führt?  
Ich warte immer noch And God is on your side  
Dividing presence from the history  
Watching all the time  
Dividing deaf men from the listening ones Leave a light on in the night for me  
That, I can find you  
Remember when we both were young  
And reckless and so curious Now you're hiding from your child  
A new day's dawning  
Remember that you felt alive  
Sometimes And God is on your side  
Dividing soldiers from the fisherman  
Watching all the time  
Dividing warships from the ferryboats
