

# Pasadena Girl

Nellie McKay

Advisory - the following lyrics contain explicit language:

What is my name?  
Who is this fool?  
What is this game?  
What are the rules? There you go havin' up a party  
Have you got a lot to see?  
'Fore I know having somebody  
Ain't all it's cracked up to be for me  
Pasadena girl Strike down my hands  
Strike down my heart  
Strike out this plan  
White out this part There you go havin' up a party  
Have you got a lot to share?  
'Fore I know having somebody  
Mightn't be the best idea for me  
Pasadena girl Problems of the lifetimes, often everywhere  
Solving them takes fighting as a pair, do we dare? Please let me be, this ain't no good  
Ten thousand feet from where I stood There you go havin' up a party  
Have you got a lot to give?  
'Fore I know having somebody  
Maybe ain't the way to live for me  
Pasadena girl Problems of the lifetimes, often everywhere  
Solving them takes fighting as a pair, do we dare? There you go havin' up a party  
Have you got a lot to show?  
'Fore I know having somebody  
Maybe ain't the way to go for me
