

'Til You

Alanis Morissette

Iâ€™ve been wasting time clawing my way to you
Taking no prisoners with my romantic crimes

Iâ€™ve been holding out imagining glimpses of you
Holding my breath while you come down the pike

Spinning my wheels â€™round, Iâ€™m here dodging bullets â€™til you
Ear to the ground while Iâ€™m dodging bullets â€™til you

Iâ€™ve been taking notes, nursing the thought of you
Research and develop as Iâ€™m biding my time

Iâ€™ve been holding up this magnet that calls to you
Entertaining myself with these consolation prizes

Spinning my wheels â€™round, Iâ€™m here dodging bullets â€™til you
Ear to the ground while Iâ€™m dodging bullets â€™til you

Theyâ€™ve been plenty fun, but mere placeholders for you
They fill this dance card as you form in my mind

Spinning my wheels â€™round, Iâ€™m here dodging bullets â€™til you
Ear to the ground Iâ€™m here dodging bullets â€™til you
