Greedy Fly

Bush

Do you feel the way you hate? Do you hate the way you feel? Always closer to the flame Ever closer to the blade, yeahI am poison crazy lush Built these hands to lift me up And we are servants of our Formulaic waysI'm screaming daisies From fourteen miles away I've got my own time Got it all todayMake up your mind Need some help Find this mind, mind, mindLimbo this and limbo that You were this and you were that Ever know that what you fear Is what you findThis Indian summer I signed my life away There's a greedy fly in here And I fly awayMake up your mind Need some help Find this mind, mind, mindMake up your mind Need some help Find this mind, mind, mind Mind, mind, mindMake up your mind Need some help Find this mind, mind, mindMind Mind Mind
