

I Follow You (Nia Na Fin)

Amadou & Mariam

Baby, don't let me down
Baby, I follow you
Baby, I stand by you
I am crazy for you Baby, I want you
Baby, I need you I think of you every day, every night
I think of you every time, everywhere When you go to east, baby, I follow you
When you go to west, baby, I follow you
When you go to north, baby, I follow you
When you go to south, baby, I follow you I think of you every day, every night
I think of you every time, everywhere Baby, don't let me down
Baby, I follow you
Baby, I stand by you
I am crazy for you Baby, don't let me down
Baby, I follow you
Baby, I stand by you
I am crazy for you Baby, I want you
Baby, I need you I think of you every day, every night
I think of you every time, everywhere When you go to school, baby, I follow you
When you go to work, baby, I follow you
When you go downtown, baby, I follow you
When you go to home, baby, I follow you
Under the sun, baby, I follow you
Under the ground, baby, I follow you I think of you every day, every night
I think of you every time, everywhere Baby, don't let me down
Baby, I follow you
Baby, I stand by you
I am crazy for you Baby, don't let me down
Baby, I follow you
Baby, I stand by you
I am crazy for you
