Revealed

Khepri

As we enter in to worship you
You're the king of kings. We honor you
No one's greater than the God we serve
You are high above all
Consume us with your presence now
To see your face is what my heart desires
Surround us with your love and grace
Let your train fill this holy place

We long for your glory
Please send down your glory
How we need your glory
Let it be revealed

As we enter in to worship you
You're the king of kings. We honor you
No one greater than the God we serve
You are high above all
Consume us with your presence now
To see your face is what my heart desires
Surround us with your love and grace
Let your train fill this holy place

We long for your glory (Jesus we long for your glory)
Please send down your glory
How we need your glory (how we need, how we need your glory)
Let it be revealed (let it be revealed)

(We long) we long for your glory (we long for your glory)
Please send down your glory (lord please send it on down)
How we need your glory (how we need your glory)
Let it be revealed (let it be revealed)

Thank you, Jesus.
This is the cry of our heart!

We need fresh oil (fresh oil)
We need it to drench us from above
Nothing else matters (nothing else matters when you're near)

Please let your glory cover us

(God, sometimes we can become spiritually dull and mentally exhausted)

We need fresh oil (we need fresh oil)
We need it to drench us from above

(When you are strange just right now)

Nothing else matters (nothing else matters, nothing else matters)
Please let your glory cover us

(We want your glory to show us something we've never seen before, something fresh)

We need fresh oil (Lord)
We need it to drench us from above (let it rain)
Nothing else matters (nothing else matters)
Please let your glory cover us (let your glory dwell in this place)

We need fresh oil
We need it to drench us from above (fill our well)
Nothing else matters (oooo yeah)
Please let your glory cover us

That's your glory, and sometimes you just gotta cry out!

Oh Oh
Oh Oh
Oh

(Sometimes all you can say is "Oh")

When I don't have anything else to say
I can just say
Oh Oh

He understands ya'll
He knows what's in your heart
Just let your voice and say
You're all need desire right now

Ooh ooh
Ooh ooh
Ooh ooh (there is power in your oh)
Ooh ooh (there is healing in your oh)
(Deliverance)

Ooh ooh (there's deliverance in your oh)
(Someone need a break through right now)
Oh oh (there is break through in your oh)
(So you gotta just lift your hands and raise your voice and cry "Oh")
Ooh ooh
(We can't make it without you)
Oh oh (oh)
(God, we need your power, we need your strength)
Ooh ooh (ooh)
(We want you more than anything)

Oh oh (we're crying for out deliverance)
Oh oh (we're crying out for out break through)
(Your breakthrough is here)
Oh oh (we're crying out from the depths of our souls)
(Yeah, we long)

We long for you glory (we long for your glory)
(Jesus make your presence known in this place)
Please send down your glory (send down your glory) (more than anything)
(How we need) How we need your glory
Let it be revealed (let it be revealed)
