# Into You Like A Train

## The Psychedelic Furs

No kind of love.
I don't want to make no scene
Lovers come and go, or make you Mrs.
Anyone or make you Mr.
Me.

I'm into you like a train.
Yeah,
Fall in love.
I don't want to tape you down or shack you up with me,

Or put you where the flowers go or get into your mind.
I'm into you like a train.
Now fall in love.
Yeah,

Fall in love.
If you believe that anyone like me within a song is outside it all,
Then you are all so wrong.
If you believe that anyone like me within a song would try and change it all,

Then you have been put on.
I don't want to wear no side or complicate it all,
Or celebrate your prettiness and kick you in it all.
So wrong.
