

Nothing to Cry About

Alli Rogers

There's nothing
To cry about, tonight
All your thoughts are brave,
But they make you tired

It's only us and the world is small and new
Like I don't know anything,
But how I'm in love with you

I'll hold you when the nights get long,
And hold you when the times get tough,
I'll love you when you've had too much,
And love you when you can't get enough

Baby close your eyes,
'Cause we are in the angels keep
Push you worries all aside,
And let me rock you back to sleep

There's nothing
To cry about, tonight
It's not your job to know,
If everyone's alright

Let me tell you how perfect you are to me
And we're all that matters now
As far as I can see

I'll hold you when the nights get long,
And hold you when the time's get tough,
I'll love you when you've had too much,
And love you when you can't get enough,

Baby close your eyes,
'Cause we are in the angels keep
Push you worries all aside,
And let me rock you back to sleep

Back to sleep,

Back to sleep

I'll hold you when the nights get long,
And hold you when the times get tough,
I'll love you when you've had too much,
And love you when you can't get enough

Baby, close your eyes
Cause we are in the angel's keep
Push you worries all aside,
And let me rock you back to sleep,

Back to sleep,
Back to sleep

There's nothing, nothing, nothing
Ooh, nothing, nothing, nothing
