

Sometimes (MAW Smooth mix)

The Brand New Heavies

Gotta do right, you gotta do right, ah sometimes Talking about a revolution, or maybe just a change of mind
Working on my constitution, I began to realize
I've been doing wrong forever, trouble was my favorite game, yeah
Breaking hearts I thought was so clever
But I'm the one who got hurt playing I never could see it comin', no
Never could feel it until it's come and gone
But all of that don't mean nothin', no
When you're all alone, oh Sometimes you gotta do right to be happy
One time you gotta believe in what you feel inside
Sometimes you gotta do right to find happiness, yeah
Sometimes, sometimes Gotta do right, 'cha gotta do right, ah, sometimes
You're lookin' at a transformation
That's brought about a change in me
Love's a brand new situation, never have I felt so free 'Cause I can see it comin', yeah
And I can feel it callin' loud now
Lovin' is so rewardin', yeah
When you let it out Sometimes you gotta do right to be happy
One time you gotta believe in what you feel inside
Sometimes you gotta do right to find happiness
Sometimes, sometimes Sometimes you gotta do right to be happy
One time you gotta believe in what you feel inside
Sometimes you gotta do right to find happiness, oh yeah
Sometimes, sometimes Gotta do right, you gotta do right, ah sometimes, sometimes
Gotta do right, you gotta do right, ah sometimes, sometimes
Gotta do right, you gotta do right, ah sometimes
Sometimes, sometimes, oh
