**DOM KENNEDY**

[Verse 1:]

Bitch, yo last shit dropped in October, and damn, it's almost January  
Another year in the city of angels, and I been here the whole time  
Bossed up, spendin' money on my own campaign, flossed what  
If they don't know a diamond when they see it, so be it  
Tryna obtain things people sayn we couldn't have  
Places we couldn't go, now it's all in the past  
I just wanna keep being me and stay authentic

Luv, I get a lot from 'er, so I'm stayn up errnight just to make me happy  
Cause if I'm mad then I make her upset, and that's how I know that she's the one[Hook:]  
Exactly! & If I meet her today or I know her and it happens  
Guess it's true she's the 1, exactly

And if I meet her tomorrow while I'm posted in the club with a bottle to the neck come holla at me, come holla  
at me, come holla at me

Come holla at me[Verse 2:]

I'm fo' real this time, I'm bout to change numbers  
I kept gettin' calls from some random shit this summer  
It's lookin' like why ya think about it, ye ain't even have to wonder  
Who's gon' be on top, she ridin' me all slow  
Talkin' bout them boys been bittin' you on the low  
They like what you about in the city, they represent  
I said I do too so lemme just do my shit and she nice  
Then she so on my list, man, I think she been chose  
Gotta stand up errnight just to make me happy  
Cause if I come home late and that make her upset  
Then that means she ain't the one[Hook:]

Exactly! & If I meet her today or I know her and it happens  
Guess it's true she's the 1, exactly

And if I meet her tomorrow while I'm posted in the club with a bottle to the neck come holla at me, come holla  
at me, come holla at me

Come holla at me[Interlude:]

I can just hold yo waist while we while we, while we two step  
Hmm hmm, so many sad songs in the world today, so lil motivation  
Lil motivation[Hook:]

And If I meet her today or I know her and it happens  
Guess it's true she's the 1, exactly

And if I meet her tomorrow while I'm posted in the club with a bottle to the neck come holla at me, come holla  
at me, come holla at me

Come holla at me
