Sunshine

Evermore

Sunshine, look the other way
Bury me in kindness, safer way to say
Be mine, they'll never find us, they'll never...
Say what lies behind
Say how it will end
Pieces of the fire
Embers in your hand

Sunshine, look the other way
Bury me in kindness, safer way to say
And I say be mine, they'll never find us
They'll never say...
See what lies behind
See how it will end
Pieces of the fire
Embers in your hand
