The Wait

Killing Joke

My tiv's changing, day to day
The fiery kisses, fast decay
I look up the river, my firm thoughts down
The block they've poisoned, gotta sit tightWait, wait, wait, waitOdd awakening, the silence grows
Screams outside, distortion shows
New jump force, bad bad Billy's
It's just another vine of distorted greedWait, wait, wait, wait
Wait, wait, wait, wait
