

Second To None

Mike Shinoda Feat. Styles Of Beyond

Second to none
I wouldn't seriously get involved in a thing
Bored of all the talking
You know it didn't change much
I doubt your intentions are to make me feel any better today
I even doubt tomorrow will be as easy as it was
You see, I've changed, you've changed
It's not the same
Tell me what 's the difference if I go back to normal again
Right away?
I should have known I'd look at you
With opened eyes the morning after
Did you cut your hair?
Did you change anything these days?
I heard a liar then I heard a laughter
20 calls a day, it makes no difference at all
Last year, last call
You lost your ways
Tell me what's the difference if you go back to normal again
Right away?
I thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
I thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
I thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
I thought I heard a lie
Thought I heard a lie
Thought I heard a liar
I doubt your intentions are to make me feel any better today
I even doubt tomorrow will be as easy as it was
I've changed, you've changed
It's not the same
Tell me what's the difference if we go back to normal again
Right away?
I thought I heard a lie

Thought I heard a lie
Well, I thought I heard a liar
I thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
I thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
I thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
Thought I heard a lie
Thought I heard a lie
Well, I thought I heard a liar
Thought I heard a lie
Thought I heard a lie
Thought I heard a liar
Right away
Right away
