

Simple

Katy Perry

You're such a poet
I wish I could be Wesley Willis
My words would flow like honey
Sweet and laid on thick You're so edgy
You don't even need a rhyming dictionary
I wipe my hands on your jeans
'Cause they are more distressed So they say, you've got OCD
And they claim you can barely read
But you say
"Don't bother me with all of your reality" But it could be so simple
Life should be that simple
I wish it were just so simple But the point's been missed
You've made a mess
Who would have guessed
That it's as simple as it seems So what, you're a genius
But you've got a lot to learn
Like the time you lost your apartment
'Cause you bought too much Vuitton You park in a loading zone
You sleep with the lights all on
You cross your I's and dot your T's
All it goes to show That it could be so simple
Life should be that simple
I wish it were just that simple Forget the point's been missed
We've made a mess
Who would have guessed
And it's as simple as it seems I'm not saying that it's a piece of cake
Just take a moment to re-evaluate
The possibilities, the situations
The opportunities that are waiting
Oh, the possibilities, oh, I It could, it could be that simple
Life should be that simple
I wish it were just so simple You're in a haze
It's just a phase
You know this maze
Is as simple as it seems We could talk all day
About your eccentricities
What I mean to say
Oh, is that I need you to listen please And focus on, all life's simplicities
So don't be afraid to strip it away

'Cause at the end of the day
It's still as simple as it seemsIt is all so simple
Just deal with it
