

Agnaye Swaahaa

Kultiration

All I am, All I try to be
Give in it back to the giver
It's not me, For myself,
playing the role that was given to me
Is not worry when I see
So I praise, in my every face
This life, and all I know
Seen and let it go
Into the fire it shall go-ho
Agnaye Swaahaa
Agnaye idam na mama
Agnaye Swaahaa
Agnaye idam na mama
Agnaye Swaahaa

Agnaye idam na mama(ooh, ah, ooh-ho, ah-ah ooh, ah-ah Give)

I give it back, now is the time
Nothing here was ever mine though
I give it back, right here right now
All the time
Drop, the load you carry
Cuz I know it's heavy and
Just drop all gift we carry-yeah

I know it's heavy(So, This is how Ishvara is. There is no me there is no me.

Just Ishvara is, offer back everything to the infinite giver

There is no you. There is no separate being that has some type of agenda for things to be different

Or to change people, Or to change the body-mind

Everything is okay)

Agnaye Swaahaa
Agnaye idam na mama
Agnaye Swaahaa
Agnaye idam na mama
Agnaye Swaahaa

Agnaye idam na mama Only fire, is in our time

Keep it burning, to this one time, ey

Only fire keeping us together

Giving it back to the infinite creator

Only fire never sizzla. Only fire will burn forever

Keeping us alive to the infinite creator
