Seawall

Son Volt

Hell untold is the price paid down on living
Tears have changed the way the days unfoldThere's a gulf that flows between
And the sea was wearing down[Chorus]
Two honky tonk angels
Still walked this ground
Two honky tonk angels
Still walked this groundThe answer lies on the unseen side of heaven
The melody holds sway, the songs unsungThere's a gulf that flows between
And the sea was wearing down[Chorus]God save the queen of Charleston, West Virginia
God save the queen of Kingman, ArizonaThere's a gulf that flows between
And the sea was wearing down[Chorus]There's a gulf that flows between
And the sea was wearing down[Chorus]
