Staplegunned

Punk Goes...

It was in the lobby, when I set my sights on you
Should have kissed you in the elevator
But I was too scared to
It was in the morning, when I made up my mind
I want you staple gunned
Right to my side all of the time
Whoa

[Chorus]

Do I have to spell it out for you
Or scream it in your face
Oh, the chemistry between us
Could destroy this place
Do I have to spell it out for you
Or whisper in your ear
Oh, just stop right there
I think that we've got something here

We all alone when I finally made a pass at you
It didn't work, and no it never does
But you know how I do
We were all alone when I made up my mind
I want you staple gunned
Right to my side all of the time
Whoa
