

# Staplegunned

## Punk Goes...

It was in the lobby, when I set my sights on you  
Should have kissed you in the elevator  
But I was too scared to  
It was in the morning, when I made up my mind  
I want you staple gunned  
Right to my side all of the time  
Whoa

[Chorus]

Do I have to spell it out for you  
Or scream it in your face  
Oh, the chemistry between us  
Could destroy this place  
Do I have to spell it out for you  
Or whisper in your ear  
Oh, just stop right there  
I think that we've got something here

We all alone when I finally made a pass at you  
It didn't work, and no it never does  
But you know how I do  
We were all alone when I made up my mind  
I want you staple gunned  
Right to my side all of the time  
Whoa
