

# Lipstick

## Jessi Robertson

I said, are you ready  
Uh, yeah, hey  
Come on, hey, hey  
Hey, hey, hey  
Let's do it  
Are you ready  
Whoa whoa yeah  
Whoa whoa yeah  
All my ladies  
Let's do it  
Come on  
I know the girls inside  
There wanna get on with the ladies  
But there are always fellas there  
To stir and make you crazy  
They try to get you flaky  
Can't find no buts no maybes  
You think that girl's a traitor  
But that man's the instigator  
Turning up with your jewelery on  
Making moves with your lipstick on  
Want some of that cushy stuff  
Whoa whoa ooh  
Let's jump when the music's on  
All my girls living up till dawn  
Want a little bit sing this song  
Whoa whoa ooh  
Why do you think that every girl  
Out theres your enemy  
You're looking at her with  
The green eyed filled with jealousy  
It's not the way its supposed to be  
So c'mon ladies dance with me  
And I'll tell ya,  
No, n-n-n-n-no, no  
No, no, no, no, no, no  
Turing up with your jewelery on  
(Oh, yeah)  
Making moves with your lipstick on

Want some of that cushy stuff  
Whoa whoa ooh  
Let's jump when the music's on  
All my girls living up till dawn  
Want a little bit sing this song  
Whoa whoa ooh  
Whoa  
Mmm  
Feel the rhythm in your body  
Gotta lose control  
All the ladies get together  
We'll be on a roll  
Feel it in your soul  
If you wanna get on down  
Then it's time to look around  
We're all the same  
Yeah  
You gotta think about it  
You're beating up yourself  
Yeah, yeah, yeah  
Turing up with your jewelery on  
Making moves with your lipstick on  
Want some of that cushy stuff  
Whoa whoa ooh  
Let's jump when the music's on  
All my girls living up till dawn  
Want a little bit sing this song  
Whoa whoa ooh  
Turing up with your jewelery on  
Making moves with your lipstick on  
Want some of that cushy stuff  
Whoa-whoa-ooh  
Let's jump when the music's on  
All my girls living up till dawn  
Want a little bit sing this song  
Whoa-whoa-ooh  
Whoa whoa, yeah  
Whoa whoa, yeah  
Want some of that cushy stuff  
(Whoa whoa, ohh)  
Whoa whoa, yeah  
Whoa whoa, yeah  
One of them better  
Sing this song
