

Morning Rain

Fleetwood Mac

Clear as the morning rain
Seeing it very plain
We've got to start againWhat's that you do
What's that you say
There's no use complaining
It's the only way
There's no use feeling dissatisfied
Cause how can you know until you've triedClear as the morning rain
Seeing it very plain
We've got to start againEverything's going around in my head
The futures new and the past is dead
Pull out the stops, turn on the light
Cause away from the darkness everything seems brightClear as the morning rain
Seeing it very plain
We've got to start againDo do do do do
Do do do do do do do
Do do do do do
Do do do do do do do do
Do do do do do
Do do do do do do do do
Do do do do do
Do do do do do do do
