Sunday

Anuhea

I said my baby, he only love me on a Sunday, yeah
I said I'm a lady, and I need good loving all the time

Oh oh oo oh oo oh oo oh

I always got him dinner when he's coming home from work
I give him all my love even when he act like a jerk
I got me a side hustle just to pay all of my bills
Cause he ain't got enough, ain't got enough dough

I'm runnin' all these errands, picking the kids up from school
But he won't say "I love you," yeah he always act too cool
He never have no time for me, he always say he too busy
So I ain't got enough, ain't got enough love

I said my baby, he only love me on a Sunday, yeah
I said I'm a lady, and I need my loving all the time

Oh oh oo oh oo oh oo oh

I said my baby, she only love me on a Sunday, yeah
I said it's crazy, but I need my loving all the time

As long as I remember girl, I gave it all to you
Workin' all the time, makin' your grey skies blue
Lately I've been seein' a change in your attitude
And I ain't got enough, ain't got enough time

So stick around if she ain't tell me thinking bout the other side
Don't want to believe it, but I can see it baby
We ain't got nowhere to run, we ain't got nowhere to hide
And I gotta let you know...

I said my baby, she only love me on a Sunday, yeah
I said it's crazy, but I need good loving all the time

Oh oh oh oh oh oh

Yeah my baby she (he) only love me on a Sunday, whoa
I said it's crazy, but I need good loving all the time

Uh huh, uh huh

You say you want my lovin' baby, you say you want my heart
I said I'm tired of trying, darling
But we can never be apart, no no
I know I'm pretty needy baby
But I know you're worth the price

If I ain't got enough, then you ain't got enough
So we give a little more then it'll be alriiiight

He only love me on that Sunday
I said it's crazy, but I need my lovin', I need my lovin', all the time, all the time
She need my lovin', lovin' in the morning time
She need my lovin', lovin' in the evening time
She need my lovin', lovin' in the summer time
She need my lovin', lovin' in the winter time
(2x)
