

Parachute

Kaiser Chiefs

Over, over and over 'til you go and lock your heart
Open, totally broken when you've tumbled through the dark
Hold me, hold me closer 'til you're breaking up, don't leave
Fold it, fold it over, eight times then start again I was your world, I was okay
And I was the light that shined on every day
I was your world, I was okay
And I was the light that followed you always But if we've only got one parachute
If we've only got one parachute
You know I'd give it to you, you
I'd give it to you Nowhere, nowhere is home unless we're both in the same place
Older, shoulder to shoulder 'cause we don't have separate ways
Hold me, hold me closer 'til we're breaking up, don't leave
Folded, I've folded it over, eight times then start again I was your world, I was okay
And I was the light that shined on every day
I was your world, I was okay
And I was the light that followed you always But if we've only got one parachute
If we've only got one parachute
You know I'd give it to you, you
I'd give it to you
If we've only got one parachute
If we've only got one parachute
You know I'd give it to you, you
I'd give it to you Out of mind, it's not important anymore
I realize
That you're at the core of what I need And if we've only got one parachute
And if we've only got one parachute
You know I'd give it to you, you
I'd give it to you
If we've only got one parachute
If we've only got one parachute
You know I'd give it to you, you
I'd give it to you
