

Dancing With the Angels

Jade J

I'm counting down the days 'til we'll see you again
There'll be no more sorrow, no more pain
The things of earth will fade
All heartache gone away
And I will be there with you face to face

I miss the way the light shined in your eyes
I miss it when you'd look at me and smile

I'll miss the chance to watch you grow
To teach you what you need to know
I'll miss this very life without you here
I long for greater things
Than what this life can bring
A knowing we were made for more than this
The memories we made
Forever will remain
Until that day I hold you once again

I miss the way the light shined in your eyes
I miss it when you'd look at me and smile

I'll miss not sending you to school
Or telling you, you're beautiful
I'll miss you everyday that you're not near
You are dancing with the angels
Heaven has you captivated by it all
Though you feel so far away
I know that Jesus keeps you safely
Being carried in the arms of father God

I miss the way the light shined in your eyes
I miss it when you'd look at me and smile

I'll miss all of the little things
Like dressing up and parks with swings
I'll miss this very life without you here
I'll miss the moments comforting your cries
I miss the days of holding you so tight
I'll miss the greatest dances and summertime romances

I'll miss you every day that you're not near
I'll miss this very life without you here
