Save Yourself

Milo Greene

Just when I begin to like you
On my own
On the doubt you return with a new tone
You tell me you changed
You have come
You tell me you changed
On the attack
But I don't think I'm ready for
This againYou got to save yourself
From this
You got to save yourself
From this
You're impossible to please
It's the chase around for me
You got to save yourself
Save yourself
Save yourself, saveThis is just another game you will play
This is just another one for the record book
Well I'm not
What do you say now?
Never really knew before how much you wanted me
It won't be the same
I don't think I'm ready for this againI need you to know now
I'm the one trying to pull myself together
This isn't a joke
I really want you to know that
