

# Gold

## Guy Sebastian

Ladies on the street now  
Looking mighty sweet now  
Give a little smile and shaking their thing at me  
but baby its true I'm looking at you cause you are Gold  
Oh baby you're Gold

I'm about to tell ya I got something on my mind  
What we got I know I know is all so hard to find  
Don't know why must have done something right cause we got Gold  
Oh girl we got Gold

Cause we got Gold  
We got Gold Gold Gold we got Gold  
Early in the morning in the midnight hour we got Gold  
Oh girl you're really something

All the fellas walk past checking out your assets  
Look all you want she's comin on home with me  
I got pocket aces and I ain't gonna waste it cause you are Gold  
Oh baby you're Gold

I'm about to tell you I got something on my mind  
What we got I know I know is all so hard to find  
Don't know why must have done something right  
Cause we got Gold oh girl we got Gold

Carmen's bit is really easy to remember
