# Hello And Goodbye

## The Corrs

[MADONNA:]Hello and goodbye
I've just unemployed you
You can go back to school
You've had a good run
I'm sure he enjoyed you.
Don't act sad or surprised
Let's be friends, civilised.
Come on little one
Don't sit there like a dummy
The day you knew would arrive is here, you'll survive,
So move funny face.
I like your conversation

You've a catchy turn of phrase
You're obviously going through some adolescent phase.
[ANDREA:]So what happens now?
So what happens now?
Where am I going to?
[JONATHAN PRYCE:]You'll get by you always have before
[ANDREA:]Where am I going to?
[MADONNA:]Don't ask anymore.
