

Hello And Goodbye

The Corrs

[MADONNA:]Hello and goodbye

I've just unemployed you

You can go back to school

You've had a good run

I'm sure he enjoyed you.

Don't act sad or surprised

Let's be friends, civilised.

Come on little one

Don't sit there like a dummy

The day you knew would arrive is here, you'll survive,

So move funny face.

I like your conversation

You've a catchy turn of phrase

You're obviously going through some adolescent phase.

[ANDREA:]So what happens now?

So what happens now?

Where am I going to?

[JONATHAN PRYCE:]You'll get by you always have before

[ANDREA:]Where am I going to?

[MADONNA:]Don't ask anymore.
