A-11

Marti Brom

I don't know you from Adam
But if you're gonna play the jukebox
Please don't play A-11
Oh, please don't play A-11I just came in here from force of habit
I don't intend to spend too much time in here
But I heard you matching for the music
And if you play A-11 there'll be tearsI don't know you from Adam
But if you're gonna play the jukebox
Please don't play A-11
Oh, please don't play A-11This used to be our favorite spot
And when she was here it was heaven
It was here she told me that she loved me
And she always played A-11I don't know you from Adam
But if you're gonna play the jukebox
Please don't play A-11
Oh, please don't play A-11
