Invisible

Adema

The game is too free fame
The mental picture and let it be shown
It looks a lot like this
And I can't bear to look alone
There's a little inside that we never really know
Till the hole gets deeper and it starts to show
There's a part of you that likes to feel it too
Just like we always do
I cry but I can't explain
Why I never be the same
I know I'm just another face in the crowd now
Yeah, I'm invisible
I stayed awake until the morning after
I couldn't just tell you there was something wrong
I fought the pain that soon became a disaster
Don't walk away because they're playing our song
No, don't go
Like a child beneath an open door
If you feel the same way too
Then I got nothing left to lose
I cry but I can't explain
Why I never be the same
I know I'm just another face in the crowd now
Yeah, I'm invisible
(We know)
I've always been a zero
If you could see me now
If you could see me now
If you could see me now
I've tried but I can't explain
Why I never be the same
I know I'm just another face in the crowd now
Yeah, I'm invisible
I've tried but I can't explain
Why I never be the same
I know I'm just another face in the crowd now
Yeah, I'm invisible
