Running On Fumes

Jaymes Young

[Verse 1]
I remember the day
We started this engine up
I never wanted to let go of your hand
Do you remember the games
You played that kept me up?
I never wanna see you with another man[Pre-Chorus]
Remember when you said
Forever now, forever now?
But babe, this engine is slowing down[Chorus]
Our love is running on fumes, yeah
Our love is running on fumes, yeah
Where's your forever now? yeah
Our love is running on fumes, yeah[Verse 2]
I can hear an echo
Of what we used to be
A cold chill running through my mind
There's nothing you can do
To numb the fire in me
And we'll be running out of fumes, tonight
I remember when you said forever[Chorus][Bridge]
And when I touch you
Nothing can come close
And when I love you
Only God knows
And when I hold you
Like there's nobody else around
But this engine is breaking
Down (Forever)[Chorus]
