

# Sleepless Nights Daydreaming

[Azure Marl Void](#)

Are we passing ships through a dark voyage?Â Where planets & stars align;Â with perpetual lights in our eyes?Â  
Thatâ€™ll arise from afar while canvassing the skies.Â Upon no land in sight our vessels course through the void.Â  
Seafaring sentiments;Â through the coldness and warmth in our hearts.Â When love and hate parallel in  
conceptual actsÂ of concern.Â Au courant we precede sailing interval passing ships.Â By way of seven seas Iâ€™ll  
search for untrodden continents.Â Aye, aye Captain!Â Land ho ahead!Â Â
