

Helium

Escort

Still not enough
He needs more stimulation
He's burning up
With fear and fascination
Don't tell him what to do
Just let him show you
He'll show you what to do
The way he wants to
So fast and out
His kind of entertainment
He's inside out
And he won't try to tame it
With a shout
With a thing it makes me
Turn it out
And it makes me crazy
Now what we do is what we do
And what we do is what we do
Cause we want to
We want to
We want the ... that makes the ...
They like the ... the way they feel
Cause they want to
The want to
So tell me
Why do you do
These things you do
I want you
to
I want you
to
to show me
Why do you do
These things you do
I want you
to to
I want you
to
to show me

...through my head
Colors rushing at them
With all my friends
And we love the sound of
helium
And we love the sound of
helium
And we love the sound of
He tell me and we looking at them
With all my friends
And we love the sound of
helium
And we love the sound of
helium
And we love the sound of
It started out
in his imagination
For everyone
and every inclination
One hundred names
One hundred faces
Remembmer him when
He was famous
Now what we do is what we do
And what we do is what we do
Cause we want to
We want to
We want the ... that makes the ...
They like the ... the way they feel
Cause they want to
They want to
And tell me
Why do you do
these things you do
I want you
to to
I want you
to
to show me
Why do you do these
things you do
I want you
to to
I want you
to

to show me
to show me
...through my head
Colors rushing at them
With all my friends
And we love the sound of
helium
And we love the sound of
helium
And we love the sound of
He tell me and we looking at them
With all my friends
And we love the sound of
helium
