Flamingo

Caterina Valente

Flamingo, like a flame in the sky
Flying over the island
To my lover nearby

Flamingo, with your tropical hue
For it's you I rely on
And the love that is true

The wind sings a song to you as you go
The song that I hear below
The murmuring heart

Flamingo, when the sun meets the sea
Say farewell to my lover
And hasten to me

Aah-ooh, aah-ooh, ooh-ooh
Flamingo
Flamingo

Flamingo, when the sun meets the sea
Say farewell to my lover
And hasten to me

Aah-ooh, ooh-ooh, ooh-aah
